NOTES TO FINANCIAL STATEMENTS

Note A - ACCOUNTING POLICIES

Business Activity:

The Labadieville Volunteer Fire Department, a nonprofit corporation, is an organization of volunteers from the town of Labadieville charged with the responsibility of providing fire protection and rescue services for the local fire district.

Effect of Incorporation:

Prior to January 11, 1965, this organization operated as an unincorporated association formed by members of the Labadieville community. This association shared many characteristics of an incorporated entity. Consequently, no significant changes occurred in the incorporation. As a result, these financial statements are presented in a manner consistent with nonprofit corporate reporting for the entire period presented. Accordingly, no effect of the incorporation is reflected in the accounts of this organization.

Method of Presentation:

To ensure observance of limitations and restrictions placed on the use of resources available to the organization, the accounts of the organization are maintained in accordance with the principles of fund accounting. This is the procedure by which resources for various purposes are classified for accounting and reporting purposes into funds established according to their nature and purpose. Currently, all funds share a similar purpose of general support and operation of the organization. Accordingly, all financial transactions have been recorded and reported within a single self-balancing operating fund.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Property and Equipment:

Property and equipment are recorded at cost. Assets donated to the organization are recorded at their fair market value at the date of the gift. Depreciation is provided over the estimated useful lives of the respective assets on a straight-line basis.

Capital Stock:

The organization was incorporated on a non-stock basis, accordingly, no capital stock is authorized nor issued.

Income Taxes:

In November of 1993, this organization applied for recognition of exemption from federal income taxes under Internal Revenue Code Section 501(c)(4). As a result, a final determination that the organization is a 501(c)(4) organization has been made by the Internal Revenue Service. This determination will remain in effect until the the Internal Revenue Service determines that the organization has failed to comply with the provisions of that exemption. In the event such a determination is made, the organization could be held liable for an undetermined amount of federal income and excise taxes and penalties on past and current activities. Due to the likelihood that the organization will continue to operate within the requirements of Code Section 504(c)(4), no provision for this tax contingency has been reflected in the financial statements.
